dailypay

Control When You Get Paid

Use our app if you want to get paid for the hours you've already worked!

Simple

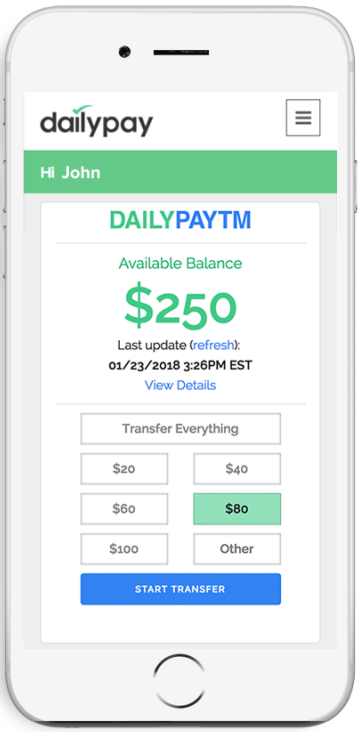
With a tap of a button, you get money instantly in the bank account or prepaid card of your choice.

Control

You control how much and when you get paid. You can use this service as often or as little as you need to.

Save

Pay bills on time and meet your financial goals.



How it Works

- As you work throughout the week, you build up an *available balance* based on shifts you have already completed
- Transfer money from your available balance when you need it *starting at $1.25*
- Visit your DailyPay account or text *BALANCE* to *66867* to view your current balance.

"I used to worry about getting groceries and gas. That's never a concern anymore."

Eric Ortiz from San Francisco, CA
