RE: ESSENTIAL HOME HEALTH CARE SERVICES DESIGNATION
(Expires according to state or federal order)

To Law Enforcement & Emergency Services Personnel:

The bearer of this letter is employed by HomeCentris Healthcare, LLC (or its subsidiaries) in an essential capacity, providing home care services to vulnerable individuals, elderly and disabled clients, who rely on these caregivers and clinicians for their essential needs in their homes. Many patients are not able to leave their homes alone or obtain health care elsewhere at this time. Both President Trump's National Emergency Orders and state and local shelter-in-place orders exempt essential services including healthcare providers.

This letter verifies the essential nature of the bearer's duties and is not intended in any way to encroach upon the authority and laws of state and local governmental authorities. This designation is only meant to address travel to and from work assignments.

If you need to verify the bearer's employment and that s/he is currently on assignment with HomeCentris Healthcare, please contact:

Missy Fiore - HR Director: 410-486-5330

Patti Heagy - Home Health Administrator: 410-321-8448

Jason Hafer - Personal Care Executive Director: 410-486-5330

Sincerely yours,

Matthew Auman - CEO
HomeCentris Healthcare, LLC
